donated work at the grotto.**

St. Joseph Grotto has new features

The newly restored St. Joseph Grotto behind the vacant St. Joseph Hospital site off Eastern Parkway has a new walkway and sitting area.

The labor was donated by contractor Mike Bisig in memory of his late uncle, Dr. Charles Bisig, who worked at the hospital, and his late mother, Lea Bisig, who graduated from the old St. Joseph Infirmary School of Nursing. Members of the St. Joseph Neighborhood Association, which contributed \$400 to the project, have worked on the grotto for several years and still hope to restore statuary. For more information, call 637-3159 or e-mail stjo-saa@hotmail.com.
